Problem Statement (PS-1)

- **I am** a working professional with a busy schedule.
- **I'm trying to** book a doctor's appointment without waiting in long queues or calling clinics multiple times.
- **But** most clinics don't have an online booking system or real-time availability.
- **Because** their appointment systems are outdated or non-digital.
- **Which makes me feel** frustrated and anxious, especially when I need urgent consultations.

Problem Statement (PS-2)

- **I am** a doctor managing multiple patients and clinics.
- **I'm trying to** organize appointments efficiently without last-minute no-shows or overbooking.
- **But** I don't have a centralized system to manage and confirm appointments.
- **Because** most patients book manually and don't get reminders.
- **Which makes me feel** overwhelmed and disorganized, impacting the quality of care I provide.
