Project Name	DocSpot: Seamless Appointment Booking for Health
Maximum Marks	

Project Overview:

- **Project Name:** DocSpot: Seamless Appointment Booking for Health
- **Project Description:**
A web and mobile-friendly platform that enables patients to book doctor appointments efficiently, view doctor availability, receive reminders, and access digital consultation records.
- **Project Version:** 1.0
- **Testing Period:** 17 February 2025 to 20 February 2025

Testing Scope

- **Features and Functionalities Tested:**
 - Doctor availability check
 - Appointment booking and confirmation
 - Reminder notifications
 - Appointment cancellation
 - Feedback submission system
- **User Stories or Requirements Tested:**
 - As a patient, I want to search and book appointments with doctors.
 - As a doctor, I want to set my availability.
 - As a user, I want to receive reminders before my appointment.
 - As a patient, I want to cancel or reschedule appointments easily.

Testing Environment

- **URL/Location:** <https://docspot.healthapp.live> (demo link)
- **Credentials:**
 - Patient: test.patient@mail.com / Test@123

- Doctor: test.doctor@mail.com / Doc@123
